Mission Trip to Honduras
August 6-13 2007

1 Timothy 4:14. Do not neglect the gift that is in you, which was given to you by prophecy with the laying on the hands of the eldership. I want to exhort or remind you like Paul did with Timothy; Paul had to remind him two times. 2 Timothy 1:6 Therefore, some of you have been neglecting the gift of God that is in you. But now is the time to stir up the Gift that is in you for the body of Christ and the Glory of God.

It is time that we walk with the authority of Jesus Christ that is in us. 1 John 4:4 Ye are of God, little children, and have overcome them: because greater is He that is in you, than he that is in the world.

Update about the Ministry in Colombia

Enclosed are the before and after pictures of the Foundation construction. What a transformation!! We are so thankful for what the Lord has done. We are now in the process of furnishing the building. Your prayers and support have helped make this possible. Thank you for your prayers and support, "We love you".

In my last newsletter I mentioned that I would update you about my trip to Florida. Part of my trip I ministered at Pastor's Joel's Church, Bandera de Cristo (Banner of Christ

Church). This is a church on Fire that has been experiencing an incredible increase of the miraculous. While there in March a young man gave an incredible testimony of being healed of paralysis. The young man woke up paralyzed one day and then attended one of Pastor Joel's church service where I happened to be also. As Pastor Joel prayed for him, Glory to God, he was instantly healed. I wanted to share this because I recently overheard a Christian say to me that he has never witnessed a miracle. This is just one of many miracles that I witnessed during my visit in Florida. God's desire is to share with us who He is by allowing us to see what He is doing. This is what will build our faith and testimony of who He really is.

After Sunday night's service as Pastor Joel and I were leaving the church, he got a call from one of his members asking him to come and pray for his relative who was in the hospital. We went to the hospital where we met a lady and her son and they told us what had happened to her husband. He had been drinking and which for unknown reasons left the man paralyzed and blind. The man and his family were not saved which made the call Pastor Joel received even more amazing. Pastor Joel

and I laid hands on the gentleman and began to declare him healed, restored and fully alive in.

I ministered at Pastor Joel's church on Tuesday evening and was then informed that the gentleman we had prayed Sunday evening was completely healed. Gloria A Dios!!! God is still healing and doing miracles. We could have easily missed the miracle as it was after 1:30 AM when we got the call to pray for the man. This testimony was not only for us but for that family to know that there is a God and he still does miracles. Praise God..
